MEMORANDUM FOR ICAPS:

At the staff meeting this morning General Wright again complained about the tendency within CIG to circulate unfounded rumors, particularly regarding personnel changes. He mentioned the fact that stories are now circulating that both he and [redacted] are leaving. He emphasized, and the Admiral did not deny, that no such step was being considered. He did report that [redacted] are leaving. 25X1A9a

25X1A9a [redacted] announced that the White House has complained of the uncoordinated and uncontrolled contacts being made by CIG personnel to the White House. The White House has, he said, requested that no contacts be made with the White House by CIG personnel, except the Director and his Deputy. Therefore, all ICAPS contacts (having been none in the past) will be referred to the Executive Director for concurrence and implementation.
